

FAST FASHION WEEK

7th to 9th
Clothes
collection

All donations go

Ireland

Fast fashion
describes cheap,
stylish, mass-
produced clothes
that have a huge
impact on the
environment.

In many cases with fast fashion
items aren't ethically made and
children are employed and **basic
human rights are violated**

Anyone can bring in old
clothes that are not
being used anymore
and drop them into the
staff room

How does donating clothes
help ?

Keeping clothing from
reaching the trash means
that it won't start breaking
down and releasing gases
that harm the planet.
