

Note taking

- Write phrases, not full sentences = less is more.
- Take notes in your own words.
- Structure your notes with headings, subheadings and numbered lists.
- Code your notes—use colour and symbols to mark structure and emphasis.
- Use colour to highlight major sections, main points and diagrams.

Cornell Note-Taking Strategy date/class

<p>CUES written briefly after class</p> <ul style="list-style-type: none">* Main points + topics / ideas* Anticipated exam questions* areas / topics of uncertainty* Questions for professor <p>use for review + study</p>	<p>Notes taken during class</p> <ul style="list-style-type: none">• Main points → bulleted list• diagrams + charts • Repeated / stressed info• Tips<ul style="list-style-type: none">- leave space between topics- outlines- Abbrenate- Paraphrase
<p>Summary → write after class, then Review + study Brief summary of highlights and main points on the page. Use to find info later + create study topics.</p>
